## TROOPS REACH SCENE OF MINE RIOTS

### SCHOOLS LOWERED IN ESTIMATE CUT

Floyd Submits Report on All Districts in the County; Get Federal Aid.

Rural schools of Pontotoc county got \$134,733, or \$22,736 less than the total amount they asked for to maintain themselves for the year after action taken by the county excise board this week on city and county estimate, according to a summarized report submitted Saturday morning by A. Floyd, county superintendent.

Twenty-one, or almost half, of the rural schools voted the limit of 15 mills for maintenance this year. The average millage voted by rural school districts of the county was 12.

City or independent schools of the county asked for \$182,472 and were cut to \$153,475, representing a reduction of \$28,997, by the county excise board. Average mills voted by city schools was 15, which is the limit. Ada called for \$121,104 and got \$102,791. Allen's estimate was reduced from \$15,800 to \$14,422; Francis got perhaps the heaviest cut of the independent schools, from \$14,340 to \$9,155; Stonewall from \$11,888 to \$10,566 and Roff from \$19,345 to \$16,541.

Although he has not completed the compilation of figures to bring out this point, Mr. Floyd believes that the amount of money allowed for rural education in the state this year is much less to the student than for city schools and at the same time rural schools are, on the average, much lower paid than city teachers. The amount allowed by the excise board for the running of rural schools, will, however, be supplemented by federal aid to the extent of about \$7000 or \$8000. Federal aid to Pontotoc county schools amounted to approximately \$8000 last year.

### "Unarmed Border Best Sign of That Wisdom Is Growing," Harding

(By the Associated Press)  
WASHINGTON, Sept. 3.—An unfortified boundary line more than three thousand miles long between the United States and Canada is the best testimony that the world grows wiser and better, President Harding said in a letter today to be read at the dedication of a peace portal erected near Blaine, Washington, in commemoration of more than a century of uninterrupted peace between the United States and the British government. The portal, to be dedicated Sept. 6, on the international line, was conceived by Samuel Hill of Seattle.

### ENROLLMENT TO REACH 120 FOR NORMAL GRADES

One hundred and sixty students as an opening enrollment was predicted Saturday by Prof. R. R. Robinson, director of the East Central Normal Training school, in making his preliminary announcement of the opening Monday morning. Students will assemble at 9 o'clock for only a short session before being dismissed Monday, Prof. Robinson said. Preparations are being made to extend the work given in the training school to make it include educational measurements and tests, a new department which will be under the supervision of Prof. Robinson.

The training school faculty will be the same as for last year. It includes Miss Stella Watson, seventh and eighth grades, Miss Ina Macklin fifth and sixth grades, Miss Gertrude Montgomery, third and fourth, and Miss Mattie Lyday, primary. All teachers are ready for work, Prof. Robinson said, and a highly successful year is anticipated.

### Increasing Use of Crude Oil as Fuel Makes Demand Grow

(By the Associated Press)  
OKLAHOMA CITY, Sept. 3.—Problems of the oil industry were discussed late yesterday at a meeting of oil men from over the state. An increase demand for petroleum and its products and at the same time losses sustained through bad credits was said to have been the outstanding features of the conference. Inability of dealers to pay for gasoline was declared at the meet to be a serious handicap. It was reported a great use in crude oil as fuel was a prime reason for a declared increase in demand.

### MERCHANT MARINE IS LASKER'S HOPE

"Futile Effort to Dispose of Wooden Ships Proves They're Worthless."

(By the Associated Press)  
CHICAGO, Sept. 3.—Characterizing the futile efforts to dispose of the country's emergency wooden ships as the "greatest advertising campaign ever launched," Albert L. Lasker, chairman of the United States Shipping Board, today asserted that the campaign's failure supported his contention that the wooden boats were all but worthless.

Mr. Lasker, who is in Chicago on a private mission, asserted that it proved nobody wanted the wooden ships at a reasonable figure because that they can be operated only at a loss.

The prospects for a merchant marine of a size that will afford transportation facilities in event of war and will give the United States its share of the world's trade in peace times are good, Mr. Lasker asserted.

"My aim is to cut the waste in operating and if I can't do it I am not the man for the job."

### WAR PAYMENT MAKES POLAND WOMAN RICH

(By the Associated Press)  
PHILADELPHIA, Sept. 3.—An old peasant woman was made the richest woman in her village by a letter from the War Risk Insurance Bureau of the American government. The incident is told by a member of the Friends' Relief Mission in Poland who writes:

"We were just driving into the town of Hrubieszow in the war-ravaged district of Poland, when a peasant woman, clad in rags, and barefooted, came up to the wagon and presented a letter which she could not read. It proved to be from the War Risk Insurance Bureau at Washington, stating that her son had died in the American army and that his insurance would come to her for 20 years, at the rate of \$25 a month. Already there was \$300 waiting for her, which would be sent shortly by check.

"The woman's face was shadowed as she heard of her son's death but it brightened with amazement when she heard of the money. The son had not been heard from for three years and his death had been taken for granted. She had other children and they had all been living in a dugout, with no wood for building a house and no implements to farm with and only a diet of rye and potatoes.

"The \$300 in American money makes, at the present rate of exchange, over 1,500,000 Polish marks and would make her the richest woman in the village and probably in the country.

"I consulted the postmaster for her and he said that when she made her mark upon the check the local bank would pay her the money. Only, of course, no local bank would be able to cash so large a check without first getting the money from Warsaw.

"This is a fair example of the difference in exchange between America and Poland."

### AMERICAN SOLDIER TO APPEAR ON MONUMENT

(By the Associated Press)  
PARIS, Aug. 16.—The American soldier will appear on a monument of thanksgiving in memory of the soldiers and sailors who fell in the war which is to be erected at Lourdes. Marshal Poch, born nearby, has chosen the sculptor, M. Machelet.

His design shows a square base with half a dozen steps to the monument itself, which will be 81 feet high. An altar where mass for the dead will be offered forms one side. At the four corners will be statues of soldiers, 15 feet high, representing the principal nations that fought against the Central Powers, the American soldier being at the right corner of the main facade.

A series of base reliefs in which America will be represented by a symbolic subject introducing General Pershing as central figure, is above the base and surmounting these reliefs will be statues of Our Lady of Lourdes, St. Michael and St. Joan of Arc.

A fine position has been chosen for the monument, the corner stone of which was laid on Nov. 11, 1919, close to the Esplanade which leads to the Basilica.

### THE PESKY VARMINTS SEEM TO MULTIPLY RATHER THAN DECREASE!

### FINGER PRINT IS STELLAR WITNESS

Sheriff Duncan and Deputies Use Bertillon System To Catch Crooks.

It's uphill business now for the criminal who labors under the impression that someone must see him in the act in order to get a conviction from the courts.

Sheriff Bob Duncan and his deputies do not content themselves any longer with catching criminals red handed in the crime but can do a little sleuthing and criminal identification, scientifically. Duncan cited an example Saturday of procedure now being followed out in the county to line up county criminal identification and detection with the state and national "crook" identification bureaus.

The Bertillon system of criminal measurements and finger print markings is being carried out here along lines followed at the state penitentiary and at the federal prison at Leavenworth, Kansas, where several million finger prints are now filed away. Only this week Sheriff Duncan and his assistants, using finger print testimony, connected two men, held in connection with a robbery at Stratford, with former operations in which they are reported to have been involved. The silent witness, only a simple "picture" of the finger, did the stunt.

If a robbery or murder happens in the county, the sheriff or deputies get on the grounds early with finger print outfits. This equipment consists of a prepared powder, of assorted colors, a fine brush, a magnifying glass, and a finger print camera. Window casings, papers which the crook might have touched, weapons or tools left, all may bear incriminating testimony that tell an undeniable story to the jury of the man who committed the act. Correlation between finger prints is simple, Duncan said, and even the slightest touch on a sheet of white paper will leave a criminal "trade mark" that often proves invaluable.

### PRESIDENT AND WIFE ARE OFF FOR CRUISE TODAY

(By the Associated Press)  
WASHINGTON, Sept. 3.—President and Mrs. Harding with a party of friends will leave late today on the Mayflower for a cruise down the Potomac and the Chesapeake Bay. The yacht will return Tuesday morning. It was stated that the party would not go ashore at any point.

### NO EVENING NEWS TO BE ISSUED MONDAY

The Ada Evening News will not be issued next Monday, Labor Day. This is in keeping with the time honored tradition and the custom of the city for business houses to close.

### DARING WOMAN BRINGS CROWD TO SEE STUNT

(By the Associated Press)  
KINGSTON, N. Y., Sept. 3.—Folk who had been gazing curiously at the structure activity on a suspension bridge 300 feet above the Rondout creek were amazed today to learn that the blonde worker in overalls who is doing the welding is a woman. She is Mrs. Catherine Nelson, of Jersey City, a widow with two children and she is earning \$30 a day.

When her husband died she tried a job as stewardess on an ocean liner but found the pay too small and obtained a job in a machine shop. When the bridge contractors asked a Jersey City company for its best welder she was sent to Kingston. She says she never is afraid or dizzy at a great height; never had an accident and never rejected a task because of the danger.

She hopes to take her children to Denmark for Christmas and then return and don the overalls again.

Oklahoma Weather.  
Tonight and Sunday generally fair.

### SHINING HEAD SIGN HE'S A BRAINT MAN

(By the Associated Press)  
ZION CITY, Sept. 3.—A bald head is the sign of both character and brains, Wilbur Glenn Voliva, "supervisor over Zion," told the female portion of his audience at a weekly rally.

"You never saw a bald-headed man in the lunatic asylum," he told them, "but girls, have nothing to do with young men who go around without hats. When you see a young man hatless, you might as well put it down that the fellow's got rats in his hair. I won't let men work in a Zion institution who go without hats. They are just as bad as the fellow with long hair."

### RED CROSS PAVES WAY FOR MEETING

Veterans Urged to Get All Claims Ready for Squad Sept. 8 and 9.

Richard J. Wheelan, special representative of the American Red Cross, met with a committee composed of officials of the Norman Howard post of the American Legion, the Pontotoc County Red Cross and others from Ada late Friday afternoon at Red Cross headquarters to complete preliminary arrangements for visit next week of the clean up squad which is touring the state in the interest of completing the hearing of former service men's application for compensation.

After a brief conference, Mr. Wheelan left for other points to rush the preliminary campaign to conclusion.

The clean up detail will visit Ada next Thursday and Friday, September 8 and 9, at which time all claims of ex-service men in Pontotoc, Johnston and Coal counties will be heard. The squad will make their headquarters for the two days at the court house.

May Be Last Chance  
"It will be appreciated if those who know of a soldier or sailor who should be receiving some form of aid or additional assistance, would send the name and address of such person to Mrs. Orville Snead at Red Cross headquarters here in order that his claim may be properly presented for examination," Mr. Wheelan said. "Failure of the veteran to present himself at this time may prevent his getting assistance later," he added.

Hospitalization cases, protests of disallowance of award of compensation, new claims, protests against the federal board rating and application for federal board training, and protests against other conditions comprise the character of matter to be considered by the clean up squad.

All ex-service men appearing before the squad are asked to have their papers made out.

Ex-service men making claims, must have their discharge papers or certified copies of them. If they have children they must have birth certificates or certified copies.

The affidavits of the physician who examined the ex-service man applying, or if there has been no physician examination, the affidavits of two disinterested men who know the physical disability. These affidavits must state specifically the findings of the physician or disinterested persons.

### MAN IS STRUCK BY NEGRO THUGS

Westlake Tells Police of An Attempted Robbery at His Home Here.

One of the most daring attempts at robbery in the city for months occurred last Thursday night when two negroes entered the home of Otis Westlake, 400 East Tenth street, struck him on the head with a sand bag, and ransacked one of the rooms. The family has missed nothing up to this time, however, and it is believed by police that the negroes became frightened and left the valuables.

According to Westlake's story to police he had just returned home from town about seven o'clock when he was preparing to write a letter. On turning to move a chair to the writing table he was confronted by a knife or razor, held in the hand of a negro who was bending over his shoulder. Westlake grabbed the negro's arm to prevent him from slashing his throat but at this instant he was hit a blow over the head.

For more than an hour Westlake lay on the floor of his room in an unconscious condition and was found later by a neighbor. His mother and sister, with whom he lives, were down town.

### TRAINING IS OPENED IN NURSING SERVICE

(By the Associated Press)  
WASHINGTON, Sept. 3.—Hospital training schools for nurses were opened September 1, for young women, between 21 and 35 years, at the Fox hills, Staten Island, N. Y., and the Fort McHenry, Baltimore, Md., hospitals of the Public Health Service to educate prospective nurses for the United States Public Health Service Nurse Corps. Surgeon General Cummings of the Public Health Service, the head of the new United States Training School for Nurses, has been receiving applications, in person and writing, at the office of Surgeon General, which is the headquarters of the school. In announcing the establishment of the new school, Surgeon General Cummings stated it would offer to women desiring to take up the profession of nursing a course of study leading to a diploma and an opportunity in caring for disabled military patients.

The course is to be three years, with a month's vacation each year, an allowance of \$30 monthly for the first two years and \$50 monthly for the third year to provide for uniforms and school expenses. Quarters, subsistence, laundry and text books will be supplied free and no tuition fee is required. Connection between the student and the school may be severed at any time during the period of training.

Special consideration is given applicants who have taken elementary course of the Red Cross or who served as nurses and aides in army and civilian hospitals throughout the war. Candidates must be graduates of a recognized high school or present evidence of an educational equivalent. Special credits will be allowed graduates of accredited colleges and students with two or more years in college or in approved technical schools.

### SEDIMENT HEAVIER IN ARKANSAS RIVER WATER

(By the Associated Press)  
TULSA, Sept. 3.—Official tests made here of the Arkansas river water show that it contains more sediment now than at any time previous since government tests have been made.

A proof of this was made at the filtration plant this week, when the water was allowed to settle for 24 hours in a glass container. At the end of that time, the tube contained eight inches of sediment, and four and one half inches of water, or sixty-five percent sediment and thirty-five percent water.

This has resulted in the city proving their filters inadequate, according to officials.

The work of building additional filter basins and settling basins will be rushed this fall, water department officials said, but cannot be completed in time to remedy the situation this summer. The city recently voted \$200,000 for this purpose.

As soon as a preliminary survey to Spavinaw creek, 56 miles away is completed, a bond issue totaling somewhere between \$5,000,000 and \$10,000,000 is to be submitted to the people, to bring this mountain water to Tulsa.

Let a News Want Ad Get It.

### END OF TROUBLES IS NOW IN SIGHT

Strikers Will Return To Homes Peacefully Is Belief Today.

(By the Associated Press)  
CHARLESTON, W. Va., Sept. 3.—Federal troops operating out of Madison, West Virginia in the territory occupied by armed bands opposing the forces of state police, had their first encounter near Sharples today. They met and dispersed some men who were holding a locomotive on the Little Coal branch of the Chesapeake and Ohio railroad.

Other reports at the army headquarters were to the effect that everything was quiet along the so-called front on the Boone-Logan county line, and that federal troops had not met any opposition on reaching headquarters in the disturbed area. No trouble is anticipated, it was stated at headquarters, when the detachments of soldiers began clearing the road and suppressing the belligerents.

MADISON, W. Va., Sept. 3.—Two provisional companies of regular army men from Ft. Coone, Ky., arrived here last night after a two hours' run from St. Albans and left early today for Sharples and other points farther up Coal River. They were the first federal troops to enter the disturbed area. They are in the command of Capt. J. J. Wilson.

At five this afternoon a train from Camp Sherman arrived here. It carried mules and field kitchens. When the first troop train arrived in Madison last night it was greeted by the cheering of a small group of men gathered at the station. Later the group was augmented to several hundred men and women who surrounded the train.

W. M. Blizzard, sub-district president of the United Mine Workers, after a conference with Capt. Wilson, left shortly after midnight for the firing line to inform the miners that federal troops had arrived.

CHARLESTON, W. Va., Sept. 3.—The remaining troops ordered into the disturbed counties of the southwestern part of the state arrived today and took positions designated by Brigadier General Bandholtz, in command of the federal soldiers.

The first of the troops arrived last night in Madison, Boone county, behind the lines of armed forces up the mountains at the Logan county line. The soldiers arrived late and did not leave the 23 cars that conveyed them to Madison. They, however, had a strong guard out. Both federal and state military authorities believed today will see the last of the activities on the Logan-Boone boundary line and that the miners and others gathered there will rapidly disband and return to their homes under the protection of federal troops.

International Vice President Philip Murray of the United Mine Workers expressed his personal judgment in a statement last night that the presence of the federal troops would result in immediate quiet being restored.

Will Welcome Troops.  
"The men will welcome the federal troops with open arms," he said. District vice-president William Petry of Charleston said he had accounts from the men that they would not oppose the regular troops and would obey their orders regarding the situation.

General Bandholtz did not anticipate meeting any trouble and it is not expected that the two thousand troops held in reserve in army camps will be needed.

There were reports early today that there was a movement toward home in progress late yesterday. It was expected federal authorities would arrive at a decision today on the question of declaring some form of martial law in the counties Kanawha, Boone, Logan and Mingo and although a decision is drawn its issuance is not expected here.

### ARMED BANDS BROKEN UP AT MADISON, WORD

MADISON, W. Va., Sept. 3.—After spending the night aboard cars, the contingent of federal troops which arrived here late last night on a special train, departed for the Clothier district early this morning. The train was guarded closely during the night. A report was circulated here that some of the armed bands already had broken up and that the men were returning to their homes.

## SONOROUSLY IMPRESSIVE

It is certainly unfair to be harsh in criticism of Attorney General Harry M. Daugherty's official qualifications, for, but for the turn of political fortune, it is possible that neither he nor his fellow-countrymen would have ever thought of his attaining the eminence which is now his. But it must be admitted that Mr. Daugherty is capable of emitting public deliverances more impressive for their sonorous qualities than for their substance. For that matter, it is not a bad gift for a politician to be able at will to pass out an interview full of agreeable and well-mated phrases, but containing a minimum of meaning. Mr. Daugherty has that gift.

An example of a recent performance of his which received something like a third of a column in the press was his interview on how he thinks "combinations and collective bargaining" should be worked out. Combinations and collective bargaining are live subjects now, and when a public man expresses himself fluently and firmly upon such problems it is usually easy to get a reporter to take down what he says and put it on the wires. Doubtless Mr. Daugherty knows this.

The Attorney General chose to give out his ideas in serially numbered paragraphs, perhaps with the notion of adding thereby to their ponderability. First, he opined, it was no more than right that the public should know all about facts where a strike threatens as the result of an industrial dispute. Second, he felt that there should be Government agencies for investigation and report these facts, fully and impartially. Third, he was convinced that such Government agencies should be empowered to force all parties to appear before it and testify as to the facts sought by the investigation in hand. Fourth, he believed that the findings of the Government agency should not be legally binding upon the parties to the dispute, because, fifth, he was confident that public opinion, once it was informed as to the facts, could be relied upon to enforce a just settlement. Sixth, he hoped some day that an arrangement could be perfected whereby to prevent great and wasteful strikes.

Presented with due formality and perhaps with a trifle of flourish, the Attorney General's position might be hailed as a great deliverance, were it not for the fact that the Government actually has just such a body now in working order and operation. If the Railway Labor Board is not an exact duplicate of Mr. Daugherty's specifications it is difficult to discover what it lacks of being so. Indeed, it is scarcely to be supposed that the Attorney General was unmindful of the fact. But granting that he had the matter in mind, it becomes a trifle obscure what else he could have had in mind in gravely proposing that which is already in existence, although it has not yet demonstrated the complete effectiveness which could be desired. It is conceivable that Mr. Daugherty wishes to see the Railway Labor Board idea applied to industry in general. If that be his wish he carefully avoided the simplicity of saying so.—Dallas News.

The headquarters for democratic propaganda at both Oklahoma City and Washington would get further if they would put more cold facts and reason into the stuff they send out. American voters have reached the state where they demand facts and logical conclusions. The same thing could be said about republican propaganda. All in all, we are given too much to prejudice.

It is reported that the new tariff may keep Bermuda vegetables out of New York, thus depriving the citizens of America's greatest city of much choice food and making it necessary for them to eat more dried stuff. It will be recalled that New York wanted a change.

A Houston, Texas, negro has been sentenced to serve 99 years in the penitentiary for murder. Now he is to be tried for another alleged murder. We take it that Texas does not want to take chances on the negro's living more than the 99.

The creamery proposition is working. The News hopes to give out something definite in a few days. All hands are active. We suggest that those interested begin to look for sources for cows.

General Leonard Wood has accepted the post of governor of the Philippines. Must be quite a drop in his feathers, after seeing visions of living in the White House.

Traveling men tell us that Ada is more business like and active than any other city in this part of the state. Let's keep it that way.

The Indians forecast a hard winter. At that, it will be difficult to get colder than the summer got hot.

## The Evening News

Mr. Gompers' Logic  
(Muskogee Phoenix)  
Mr. Samuel Gompers, president of the American Federation of Labor, has come forward with some very strange philosophy. Sunday, in an address at Atlantic City, he urged members of trade unions to resist every effort to reduce wages no matter under what conditions these efforts should be made. He quite frankly added that it would not be possible to win every resistance but that it is better to resist and lose than to resist and win.

We concede that there is some truth in the argument Mr. Gompers advances, that some employers—although Mr. Gompers did not say "some"—when they have successfully made one decrease in wages without resistance are encouraged to make another.

But the federation president apparently has not analyzed the underlying meaning of his words. He has always told us that labor's demands are based upon just dealing; now he in effect confesses that his policy is "get all you can" whether merited or not. What else can he mean by his "frank" statement that labor, no matter how efficient its organization, cannot successfully defeat every wage cut?

Would Mr. Gompers' logic not have been better had he advised his followers to oppose every effort to unjustly reduce wages? Surely he knows and if he does not he is not big enough for the office he holds—that cost of production can not stay at a maximum peak and the standard of living return to normal. He knows, as he admits, that at times there must be equitable readjustments.

We do not believe that the men in the ranks of Mr. Gompers' organizations will view the thing through his eyes. Men of the labor organizations will not walk out on a strike, they'll not surrender their jobs and their pay envelopes to engage in a struggle, which Mr. Gompers admits they are bound to lose, purely for the sake of a fight.

The sooner capital and labor give up these war-like notions and declare themselves willing to adjust on a fair level the sooner will they both profit.

## LOCAL VETERANS OF CONFEDERATE ARMY WILL MEET

All Confederate Veterans of Ada will meet Sunday afternoon at 2:30 at the City Hall for perhaps the most important monthly business session of the year, according to a call sent out this morning under the authority of A. M. Crow, local captain.

The meeting will be for the purpose of electing delegates, three regulars and three alternates, to attend the state encampment of United Confederate Veterans at Tulsa on September 20. Sons and daughters as well as Confederate soldiers are urged to notice to attend the meeting tomorrow.

"We are getting pretty old and the boys would appreciate all the support in this meeting that we can get from the sons and daughters," Capt. Sam Hargis, member of the local camp, said this morning in issuing notice of the meeting in behalf of Capt. Crow who is reported to be ill. "We are needing new blood and it seems to me that it would be a fine thing if some of the sons and daughters of Confederates would come out and volunteer to go to Tulsa, either as delegates or as visitors to the convention."

Captain Hargis estimated that there are 30 veterans in Ada. Local ranks have been thinned during the last year by the death of several men.

PAWHUSKA—Work has been resumed on the Pawhuska-Pershing hard surface road.

Phone 4 is the place to get service in job work or advertising.

Dr. W. D. Faust Dr. M. L. Lewis Dr. C. T. Brydia

## Hospital Closed!

On account of the illness of Dr. Lewis and also the necessity for overhauling the rooms, the hospital will not be open for receiving patients for the time being. Operations which can be done and permit the patient to return home will continue to be handled at the hospital, but serious operations will be done in the home. This arrangement is only temporary.

## KONAWA PREPARES TO START CITY SCHOOLS

KONAWA, Sept. 3.—Konawa is busy this week preparing for the opening of city schools soon. Early days in September also will see several students from this place leaving for various colleges over the state. Miss Thelma Fort left Friday for Norman where she will attend school. Miss Mildred Gordon also left Friday for Shawnee to take work in Oklahoma Baptist University which opens next week.

B. F. Burton and family have moved back here from Arkansas. Grandpa Shaw and Mrs. Estes and Miss Gladys Snider returned Wednesday night from a two weeks' visit in Chickasha.

Dr. W. P. Snider and Wren are in Oklahoma City this week. Rev. J. J. Underwood of Ada is in Konawa this week.

Mr. and Mrs. F. P. Swan returned home last night from Oklahoma City.

Dr. H. A. Yates is having a concrete floor put in his business house.

Mrs. Sabra Harris and children left Friday for Norman, where they will spend the winter. R. T. Millsap returned Thursday from St. Louis where he purchased his fall goods.

## ALLEGED SILK LOOTERS HELD AT PAULS VALLEY

Notice was received in Ada Saturday morning that John O'Connell and Jim Daugherty, arrested here recently and charged with having in their possession a quantity of silk goods, were bound over to the district court Thursday at Pauls Valley after their preliminaries. The men were held here in connection with a robbery at Stratford recently.

When they were arrested here, the two men were "finger-printed" and their identification records sent to the state penitentiary at McAlester where it is said that O'Connell has a record of a previous arrest and Daugherty an extensive record in courts of the state.

## TY COBB ENTERS RACE FOR SLUG HONOR IN CAMP

CHICAGO, Sept. 3.—With the close of the baseball season a month away, Ty Cobb, pilot of the Detroit Tigers, enters the home stretch only three points behind Harry Heilmann, his slugging outfielder, for the batting honors of the American League, according to averages released today. The averages include games of Wednesday.

Heilmann suffered a slight slump dropping from .403 to .398 for the leadership, while the Georgia Peach closed the gap considerably by bringing his average from .392 to .395.

Tris Speaker, leader of the Cleveland

## TROUBLED WITH TETTER A YEAR

On Scalp and Body. In Blisters. Cuticura Heals.

"I was troubled with tetter for about a year. It broke out on my scalp and then spread over my entire body. It was in the form of large, white blisters, and itched and burned so badly that I scratched and made sore eruptions. My clothing frayed the breaking out on my body. I began using Cuticura Soap and Ointment which afforded relief, and after using two cakes of Cuticura Soap and two boxes of Cuticura Ointment I was healed." (Signed) Miss Mary Bell, R. 4, Linden, Tenn. Use Cuticura for all toilet purposes. Sample Book Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden 15, Mass." Sold everywhere. Soap, Ointment and Pills. Take care. Cuticura Soap shaves without mug.

land club, advanced from sixth to fourth place with an average of .373, which ties George Sisler, the St. Louis star. Babe Ruth, who failed to add any circuit drives to his string of 48, continues in third position with .384. Ruth, however, stratched his total of runs scored to 142 and his 163 hits have given him a total of 364 bases, which is far in front of his rivals. Besides his four ply blows, the Yankee slugger has cracked out 37 doubles and 10 triples.

Harris of Washington added three more bases to his total and is showing the way to the base stealers with 25 thefts.

Other leading batters for 70 or more games:

Tobin, St. Louis .368; Veach, De-

## WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation, otherwise I would be a sickly woman and could not have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would not help me. For the first four months I could do but little work, had to lie down most of the time, was nervous and could eat hardly anything, but my husband was always reminding me to take the Vegetable Compound, which I did. Of my eight children this last one was the easiest birth of all and I am thankful for your Vegetable Compound. I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. NATALE, 72 Fremont St., Springfield, Mass.

Sickly, ailing women make unhappy homes, and after reading Mrs. Natale's letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is surely worth while.

## Legal Notices

**Notice of Meeting**  
Notice is hereby given that the Board of Commissioners of the City of Ada, Oklahoma, will meet on the 13th day of September, 1921, at 2:00 p. m. in the City Hall of the City of Ada, Oklahoma, for the purpose of reviewing the report of the Board of Appraisers making appraisal and apportionment of costs to the various lots and tracts of land benefited by the paving, grading, curbing, draining, and otherwise improving of Street Improvement District No. 8, same being:

South Stockton Avenue from the south line of Main Street to the south line of Twelfth Street, including street intersection and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma.

The report of the Board of Appraisers is hereto attached and set out below, with "Exhibit A," and published herewith. At said meeting the Board of Commissioners will hear and adjust any appraisal and apportionment made by the Board of Appraisers, as provided by law, and will review, correct, raise or lower the same, and the Board of commissioners will adjourn from day to day and from time to time until their labors are completed. At said meeting all persons interested may appear and be heard.

Signed this 30th day of August, 1921.

City of Ada, Oklahoma.  
By Gary Kitchens, Mayor and Commissioner of Public Justice and Safety.

(Seal)  
Attest:—W. B. Jones, City Clerk and Commissioner of Accounting and Finance.

**Report of Appraisers**  
Ada, Oklahoma.  
August 20th, 1921  
To the Honorable Board of Commissioners.

Gentlemen:

We, the undersigned Board of appraisers appointed by resolution of your Honorable body to appraise and apportion to the several lots and tracts of land chargeable with the paving and otherwise improving of Street Improvement District No. 8, same being:

South Stockton Avenue from the south line of Main Street to the south line of Twelfth Street, including street intersection and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma, in the aggregate amount of Twelve Thousand Five Hundred Forty Three and 55-100 Dollars (\$12,543.55), do hereby certify that we met in the City Hall in said City on the 20th day of August, 1921, and organized as a Board of Appraisers, and selected J. O. Abney as chairman and C. M. Chauncey as secretary thereof; that we, at said time, severally took and subscribed an oath to make true and impartial appraisal and apportionment to the several lots and tracts of land designated in the resolution by which we were appointed, of the benefits resulting therefrom, as aforesaid; that within five (5) days after being notified of our appointment, we proceeded to appraise and apportion to said several lots and tracts of land the benefits resulting therefrom on account of the making of said improvements; that in making said appraisal and apportionment we first apportioned to each quarter-block its due portion of the charge, according to the amount and the cost of work performed upon the abutting alleys and other public places, including street intersection and alley crossings; which respective amounts so appraised, apportioned and adopted we find just, equitable and accurate, and that the several respective quarter-blocks are benefited to the extent of the respective amounts so apportioned; that after such subdivisions into quarter-block districts, we appraised and apportioned to the several lots and tracts of land therein, the respective amounts set opposite the description of said lots and tracts of land contained in the statement attached hereto, marked "Exhibit A," and made a part hereof, which respective amounts we find equitable and just and according to the benefits accruing to said several lots and tracts of land.

Respectfully submitted,

J. O. ABNEY,  
C. M. CHAUNCEY,  
L. T. WALTERS,  
Appraisers.

Filed this 20th day of August, 1921.

City of Ada, Oklahoma.  
By Gary Kitchens, Mayor and Commissioner of Public Justice and Safety.

**Mexican Customs Man Held As Suspect For Heavy Gold Robbery**

(By the Associated Press)

LOS ANGELES, Sept. 3.—Augustin Autunex, 25, who said he was a Mexican custom official at La Juana, Lower California, and Romero Breton, 25, a custom clerk, were arrested early today with \$30,905 in United States gold coins in their possession. They and H. J. Waldrip, 17, were being held on suspicion of robbery. Autunex said the police, told them that he had brought the gold into the United States "for safe keeping."

**PLAYFUL BROWN BEAR ELUDES ALL PURSUERS**

CHICAGO, Sept. 3.—A patrol wagon of police, a city posse with torches and shotguns, and a score of hounds were pressed into service to run down a big brown bear found wandering through Chicago's residence district today. The bear, thought to have been driven from a car load of lumber from northern Wisconsin, eluded all pursuers and is still at liberty.

## IN SOCIETY

New Club Formed.

A new club has been formed by a number of young ladies of Ada and the name, Two Cubes, has been given it. The first meeting was held Friday afternoon and officers elected. Those composing the club are Misses Pauline Knotts, Roberta Allen, Lottie Faust, Vera Graham, Chloe Smith, and Kathryn Griffith.

Woodman Circle Ladies to Sulphur

It was a jolly bunch of Woodmen Circle ladies who left Friday for Sulphur where they were entertained by the Sulphur order. This is the result of a membership contest between the two chapters. The Ada ladies report a most enjoyable time.

Mrs. Allen of Denison, Texas, was in the city a short time yesterday visiting her daughter, Mrs. Alfred Vaden. She left yesterday afternoon for Muskogee where she will spend a few days visiting.

L. N. McNatt of Nashville, Tenn., and sister and her husband, Mr. and Mrs. Bob Lucas of Holdenville were the guests of Mrs. J. M. Vaden and Mrs. Elizabeth Lowery this week.

Mrs. Parrie Britt and daughter, Ina Mae, are spending the weekend in Oklahoma City and El Reno visiting relatives and friends.

Mr. and Mrs. Orville Snead left last night for Dallas, Texas, where Mr. Snead will enter a hospital for treatment.

I. Hodge and family have returned from an overland trip through New Mexico and Colorado.

7,000 PERSONS APPEAR IN "BIG SCENES OF DECEPTION"

Remarkably Realistic Crowds Add Force to Paramount Photo-play.

Presenting remarkable scenes in which more than seven thousand persons take part, "Deception," a tremendous Paramount picture which will be shown at the McSwain theatre for two days beginning Monday next, is undeniably one of the massive massive photoplay productions ever released in this country. The European screen artists, Henry Porten and Emil Jannings, head one of the largest and finest casts ever assembled in any motion picture.

The scenes of the photodrama are located in England during the reign of King Henry VIII, in the first half of the sixteenth century. They show the espousal of Anne Boleyn by Bluff King Hal, the hero of a hundred amours, the coronation ceremonies in Westminster Abbey, the water carnival on the Thames, a knightly tournament, the sitting of an ecclesiastical court, the trial and condemnation of Anne. Every scene was directed in a masterly manner by Ernest Lubitsch, a Bohemian director who produced "Passion."

Henry Porten as Anne Boleyn and Emil Jannings as the king, have roles of great dramatic power and they head an unusually large and capable cast of players. The story has deep heart interest and its appeal is irresistible.

**FIREMEN HURT FRIDAY NIGHT; BOTH RECOVER**

Fire of unknown origin partly destroyed the home of E. W. Walker at the corner of Fifteenth and Mississippi at 8:30 last night. Neighbors turned in the alarm as the family was down town at the time the fire broke out. No exact estimate had been made as to the damage done to the home this morning, but it said to be over \$1,200.

On account of being unable to connect the big truck to the hydrant firemen were compelled to fight the fire with only a small pressure. Two of the men were injured, Jack Price, receiving small burns and Ray Scott being overcome by the smoke. Both were recovered this morning.

**WOMEN DEMOCRATS OF COUNTY WILL ORGANIZE**

A request for a large attendance of women from all parts of Pontotoc County to meet at the court houses in Ada at 2 p. m. September 13 for the purpose of organizing a compact unit of women of the county into a democratic club was made Saturday afternoon by Mrs. Tom Hope, county chairman.

Mrs. R. L. Fite, chairman of the women's bureau of the State Central committee, will have charge of the organization movement. She is forming such clubs in every county of Oklahoma and is reported to be a very interesting speaker. Large crowds are greeting her at every place she stops, it has been reported here.

## 'THE PRICE OF POSSESSION'

## PORTO RICANS TO DEMAND A RECALL

Committee Said To Repre-  
sent 25,000 Islanders  
Protest Reily.

(By the Associated Press)

NEW YORK, Sept. 3.—A call was issued today by Porto Ricans residing in New York for a mass meeting at the Waldorf Astoria tomorrow afternoon for the purpose of adopting resolutions asking President Harding to recall Governor E. Mount Reily, who was inaugurated about two months ago. The committee claims to represent more than 25,000 Porto Ricans. It is composed of Gonzalo O'Neill, J. J. Rames, D. Callazo, and Rafael Ferrer. The committee's letter calling the meeting accuses the governor of attempting to thwart the aspiration of the Unionist party for separation of the island from the United States. It says that to date his end Reily has used vulgar language in public documents addressed to the president of the insular senate.

## 60 BOYS ARE READY FOR OUTING TUESDAY

Plans for an over night trip to be taken by about 60 boys of the city are working out with marked success. Scout Executive Harry W. Miller reported this morning. Forty three boys have been signed up and many more are thinking of going. Other arrangements, such as securing the county trucks, groceries and supplies have also been successful.

Mr. Miller wishes to advise all boys who are to go on the trip to get the groceries and supplies allotted to them today as all stores will be closed Monday. On account of leaving early Tuesday morning, the boys will not be given an opportunity to get their things together on that day, he said.

He also wishes to remind the boys to pay in their fifty cents, which will be used to pay for swimming, drinks, and ice cream. Boys need not take any more than this amount. Mr. Miller added. All money will be handled by the scout executive and the boys should report to him as soon as possible.

Trucks and drivers will be furnished by the county, gas and oil by the Pierce Oil company and the Texas Oil company, the necessary amount of bacon will be donated by the Armour Packing company, the Waples-Platter Grocery company will donate 18 cans of peaches 60 packages of chewing gum and 2 cans of cocoa and the Plainview Dairy will furnish six pounds of butter.

All boys who are to go are requested to be at scout headquarters by 6 o'clock Tuesday morning, September 6.

## AUTOMOBILES TAKE ANOTHER PRICE DROP

New prices were announced in Ada today on the Ford and Overland automobiles. The drop on the Overland brings the price down to about half what it was a year ago. The Fords, without any extra attachments, are cheaper now than they have ever been before, according to information given out by the Harvey agency.

The Overland touring car which sold for \$1,020 a year ago is now selling for \$595. The coupe and sedan, which were selling at this time last year for \$1,675, are now selling for \$895. The Willys-Knight touring or roadster which was selling for \$2,375 are now on the market for \$1,525 and \$1,475 respectively. Other cars made by this company have been reduced accordingly. The Ford roadster, clincher tires, is now \$483 against \$528 before the drop. The touring car is \$514 against \$575 previously. The coupe is now \$691 where it was \$734 before. Prices of other models have gone down accordingly, except the tractor, which shows the same price.

## FITZHUGH BOYS PLEAD GUILTY AND TAKE SENTENCE

Sentence of 30 days in the county jail was pronounced Saturday morning by Justice of the Peace W. H. Fisher upon Claud Spann and Orin Kelley, both of Fitzhugh, upon their plea of guilty to a charge of petty larceny.

The boys are alleged to have broken into the store of W. G. Anthony at Fitzhugh and stolen about \$3 worth of groceries. A charge of burglary was filed against them but upon permission from Assistant County Attorney Hugh Mathis this was changed to petty larceny. Mathis gave permission for the change because of the youth of the two defendants. Spann is said to be only 19 years of age and Kelly 20. Both have started their sentence in jail.

## GREEK ARMY CONTINUES ADVANCE AGAINST TURKS

(By the Associated Press)

ATHENS, Sept. 3.—Sept. 2.—Greek forces continued their advance against the Turkish nationalists and have occupied with success a number of fortified positions near Sakaria River, say official statements issued here. Further south they have captured the fortified heights of Yildiz-Dagh and have advanced toward the north. In marching east the Greeks have taken strong lines in which companies were brought into hand to hand fighting.

Benediction.

## St. Luke's Episcopal Church

There will be Holy Communion and Morning Prayer at St. Luke's Episcopal church with Archdeacon Chapin officiating. Morning service at 11:00 a. m. There will be no evening service. As this is the first visit of Archdeacon Chapin, it is hoped that there will be as large an attendance as possible.

Sunday School will be at 9:45. The teachers are urged to be prompt that the school may be properly organized for the year's work. Let everyone come to both of these services and we will all feel encouraged. Visitors are especially invited.

## The pastor will preach at the morning and the evening services.

Morning subject: "What Does the World Need Most?" Evening subject: "The Teachings of Christ and The Labor Question." This will be appropriate to the occasion, Monday being Labor Day. Special musical numbers at both services. Mr. Morrison, formerly of this city, now of Tulsa, will preside at the organ. His many friends will be glad of

this opportunity to hear him again.

Our Sunday School meets at 9:30 a. m. The Epworth League meets at 7 p. m. Preaching services, 11 a. m. and 8 p. m. A hearty welcome to all.

R. C. TAYLOR, Pastor.

## Presbyterian Senior C. E.

Consecration meeting.

Topic: Thy will be done with my mind.

Song service.

Prayer.

# PAIGE

The Most Beautiful Car in America

## All That Money Can Buy

To be Master of the Highway is glory indeed, but this well-earned distinction does not alone explain the country-wide preference shown for Paige 6-66 models.

To start with, there is large economy in the initial price. Furthermore, many attested performances on track and hill have revealed a stamina that is a guarantee of long life and freedom from repair bills.

All that a truly fine car should be, it is easily apparent that the Paige 6-66 is by far the greatest dollar-for-dollar value on the market today. Is it any wonder, then, that discriminating buyers who could well afford to pay \$5,000 to \$6,000, if they were convinced that supreme quality compelled it, choose the Paige?

## Mounds May Be the Relics of An Ancient Civilization

(By the Associated Press)  
OKLAHOMA CITY, Sept. 3. Investigation of two large earth mounds near Muskogee, Okla., believed by J. B. Thorburn, secretary of the Oklahoma Historical Society, to be the ruins of an entirely distinct culture of the Mound-Builders, will begin in the near future, he announced here today. Thorburn is an archaeologist of state wide reputation. He expressed the belief that the mounds were constructed more than 600 to 800 years ago. He said, that citizens of Muskogee would fit out an archaeological expedition to investigate these evidences of the existence of mound dwelling tribes.

In explaining the work of investigation of the ruins of mound-builders' homes in Oklahoma, Mr. Thorburn said many mounds have been noted in the eastern part of Oklahoma, but mounds of this type are not ruins of the other structures,

but constructed as mounds, and their form has been but slightly affected by erosion or other changes of time.

They are in various forms, circular, elliptical, oblong, rectangular, square, conical, pyramidal ring-shape, in fact almost every conceivable form is represented.

### One Near Bacone.

One of the mounds which Mr. Thorburn has agreed to investigate is located about a mile north of Bacone College. It is a truncated pyramid, about sixty five feet square at the base, ten feet high, and perfectly level on top. It not only is absolutely square in its ground plan, but also it apparently perfectly square with the cardinal points.

"The late Robert Hanks, of Webber's Falls, showed me the site of Fort Davis, a Confederate Military post during the first year or two of the Civil war, and informed me that the flag-staff of the post was erected in the center of the mound," Thorburn said today. "The other mound," he added, "is located in a field about half a mile to the north

east. It is in the form of a massive circular heap of earth, but externally does not appear to have as much significance as the one first described."

A plea for preservation of the mounds until proper archaeological expeditions may be fitted out, was made by Mr. Thorburn, who said "In my opinion, no amount of scientific zeal could justify the destruction of these monuments which were left to mark the activities of the vanished race. Such monuments are comparatively rare in Oklahoma and Muskogee is the only city in the state so far as I am aware, which has such objects of antiquity within her immediate environs."

"Any excavation which is planned in the interest of scientific knowledge should be done by means of trenches, pits or tunnels, which can be refilled," he said.

Mr. Thorburn expressed the opinion that at least a few objects which will tend to throw some light on the identity and culture of the people who laboriously piled up these heaps of earth, will be found.

Fair Weather Coming.  
WASHINGTON, Sept. 3.—Weather predictions for the week are: Upper Mississippi and Lower Missouri valleys generally fair, with temperature near or somewhat below normal.

## SAVE MONEY ON PAINTS

## ARTESIAN WELL PUTS COLD AIR INTO THE HOME

(By the Associated Press)  
NEWARK, N. J., Sept. 3.—An artesian well which years ago ceased to produce water and now sends forth a strong blast of cold, dry air is the property of Mrs. Jacob Lowenstein, who uses it to cool the refrigerator, to try the washing and to keep the house cool in hot weather.

At one time, Mrs. Lowenstein said the air blast was so strong that its roar could be heard a block away. Neighbors complained and an attempt was made to close the well by filling it with sand and gravel but the current was so strong that the stones were blown out of the shaft.

Mrs. Lowenstein then had the well capped and arranged a system of faucets by which she floods her house with the cold air as she desires. It has replaced ice in her refrigerator and dries the washing in less than an hour. During the hot months her home is popular with the neighbors whose electric fans are ineffective in comparison to Mrs. Lowenstein's cold air blast. In rainy weather a blast of the dry air drives out the dampness in a short time.

## State News

(By the Associated Press)  
HENRYETTA—Public schools of this city open September 12, according to the city superintendent.

HENRYETTA—A novelty glass manufacturing company has been incorporated here. It is said to be the only one of its character in the southwest.

ENID—There were 40,973 books loaned from the Enid public library during the past year, according to the annual report of Miss Cora Case Potter, librarian.

ALVA—Nineteen elevators and seven hundred and thirteen farmers in Oklahoma have signed contracts to market their grain through the U. S. Grain Growers, Inc., it was announced at the state office here. Director Hyde is to attend a meeting of the Executive Committee of the organization, at Chicago, soon.

For two bits the News can rent a house for you. For a dollar it can sell a farm. For five dollars it can get you anything or sell anything. Try it.

LABOR DAY, MONDAY, SEPT. 5  
—STORE WILL BE CLOSED—

## WIRELESS TELLS ONE FIRE CHIEF IF ALARM RINGS

(By the Associated Press)  
WAKEFIELD, Mass., Sept. 3.—Installation of wireless telephone on the automobile of Fred D. Graham, chief of the fire department, to enable him to keep in constant touch with headquarters no matter where he may be, is planned by local officials.

In addition to being fire chief, Graham serves as fire hazard officer and inspector of wires and these duties keep him away from the station much of the time. In the past when a still alarm or other emergency has required his personal attention there has sometimes been serious delay in reaching him. By installing a receiving set on the automobile and a sending set at fire headquarters it will be possible, it is believed, to ring him up at any time and send him speedily to the point where his presence is required.

Officials of the water department are watching the experiment with some interest as they have in mind a similar equipment for the automobile of Superintendent Morrison Merrill who is frequently called on to answer emergency calls.

## WEAPON AND LIQUOR CHARGES ARE FILED

Two men, Claude Chestnut of near Bebee and Bill Flowers, who lives near Ada, were arrested by Sheriff Bob Duncan Friday after

noon and placed in the county jail to await their hearings. Chestnut is charged with carrying and pointing a pistol. He is said to have pleaded guilty this morning to the former charge and the latter count was listed against him for trial in the county court.

Flowers, according to Sheriff ad was on to his job. It is the Duncan, lives on the old Jeff Odom quick road to results. Try one.

Bombach, principal conductor of the Metropolitan Opera Company, said after hearing a test of direct comparison: "His voice is a living voice and its RE-CREATION by the New Edison are identical."

## Mr. Edison announces MOOD MUSIC

BRING or send the coupon. Begin to use music in the remarkable new way developed by Mr. Edison.

Everybody admits music's power to banish unpleasant moods, relieve fatigue, bring peace and joy. But no one has been able to tell you which selections to play when tired, which when depressed, etc. Famous psychologists, associated with Mr. Edison, have been working on this problem for two years. They found certain Edison RE-CREATIONS which brought all these wonderful benefits of music. These they arranged under headings such as "To Make You Joyous", "For More Energy", etc. Get your copy of "Mood Music" at once. Bring or send the coupon.
